MSF2 and an update on MSF3

Five authorities have beaten the June 3rd deadline to award more work through the Medium Schemes Framework 2 (MSF2). The framework has been now used to award 40 package orders across the Midlands. Overall, MSF2 has been used by more authorities, to deliver a greater value of work whilst achieving bigger savings.

Further details of this successful framework will be reported at the MHA Annual Conference in September.

Meanwhile, colleagues from eight authorities from across the region are helping to assess the tenders received for the replacement framework MSF3.

An announcement is expected next month, with the launch of the new framework planned for the Annual Conference in September.

MHA shortlisted for NEC award

The MHA has been shortlisted for the NEC Client of the Year award at this year's NEC Awards event, with the winner due to be announced the NEC Users' Group Annual Seminar 2018, in London on 20 June. Look out for news of the verdict in our next newsletter.

MHA Carbon Framework project

Deliverables for the MHA Carbon Framework project are now available on the [Professional Services Project page](#). This includes guidance for Developing a Carbon Management and a Reduction Business Case (with a sustainable supply chain protocol as an Appendix).

Cultural Survey

The Term Working Group have developed a Collaborative Culture Measure Framework that can be used annually to provide a headline KPI both as an individual authority measure and as a benchmarking tool across all member authorities providing insight into areas of support opportunities.

This framework can be found via SharePoint [here](#) (a log in is required). For details on using the framework contact Stewart Corbett on stewart.corbett@leics.gov.uk
