

## Highway Inspector Training Framework: UPDATE

The UK Roads Liaison Group Asset Management Board, with support from the Department for Transport, the Highway Inspectors Board, the Midlands Highway Alliance and the Midlands Service Improvement Group, has produced a revised Highway Inspector Competence Framework to outline the high-level requirements for this role.

The Highway Inspector Training Framework is now published and available on the [UKRLG website](#) as a downloadable PDF.

Peter Barclay, MHA Manager, said: “The framework builds on the outcomes of previous MHA/MSIG workshops and I’m delighted that we were able to be involved in the development of this important document.”
